

THE HEBREW UNIVERSITY OF JERUSALEM

The Harvey M. Krueger Family Center
for Nanoscience and Nanotechnology

The Dan Maydan Prize in Nanoscience and Nanotechnology

Call For Nominations 2024

The Hebrew University Center for Nanoscience and Nanotechnology (HUCNN)

The Hebrew University's Center for Nanoscience and Nanotechnology hereby invites nominations of candidates for the **Dan Maydan Prize in Nanoscience Research 2024** for outstanding mid-career scientist in the field of Nanoscience and Nanotechnology

About the Prize

The **\$10,000 Dan Maydan Prize in Nanoscience Research** is awarded annually to an outstanding mid-career scientist, from Israel or abroad, for significant academic achievements in Nanoscience and Nanotechnology. The prize enables an interchange of knowledge between the Center's scientists and Nano-scientists worldwide

For more details about the prize and previous laureates, please visit our web site:

<https://nano.huji.ac.il/about-award>

Eligibility Criteria

- Nominations are to be made by recognized scientists and academic leaders. Self-nominations are not allowed.
- Candidates should have received their doctorate from **1.1.2007** onwards.
Maternity leave extension – 12months for each child after the PhD.
- Candidates should be affiliated with an academic research institution.
- Candidates should be significant emerging scientific leaders in the field of Nanoscience and Nanotechnology with outstanding track record of a major discovery in the field, and current ground-breaking research activity in the field of Nanoscience and Nanotechnology.

for Nanoscience and Nanotechnology

Nominations Process

Applications by recognized scientists and scientific leaders nominating suitable candidates should be submitted as PDF files to the HUCNN by email to:

huj-nano@savion.huji.ac.il no later than **March 14, 2024** and should include:

- Cover page with the following info:
 - Name of applicant including contact details
 - Name of nominator including contact details
 - Names of recommenders including contact details
- CV (including relevant personal information, candidate's contact information, and up to 10 most significant publications in nanotechnology)
- List of publications and summary of bibliographic citation data of the candidate
- Short citation of the reason for awarding the prize to the candidate (up to 250 words)
- Award justification by the nominator: Summary of main research achievements in nanoscience and nanotechnology (1-2 pages)
- At least two additional letters of recommendation (in addition to the award justification)

Selection Committee

A selection committee, of at least three members, headed by the founding director of the HUCNN (Prof. Uri Banin) and the current director of the HUCNN (Prof. Hadar Steinberg) will review all potential candidates and select the most suitable for the award.

Award Ceremony

The Prize will be awarded to the laureate at a ceremony in **2024** at the Hebrew University of Jerusalem, Edmond J. Safra Campus, Jerusalem, Israel. The prize laureate will be invited to Jerusalem for a week as a guest of the Hebrew University nanoscience community, giving academic lectures and seminars as well as engaging and interacting with faculty members, students, and technical-scientific staff.
